PROFESSIONAL SUMMARY

- **Associate Software Engineer at Accenture** with experience in Java-based application development and full-stack engineering.
- Strong foundation in data structures and algorithms (600+ problems solved on LeetCode), RESTful API design, and enterprise application development
- **Quick learner** with a track record of shipping full-stack projects **independently**, from database design to deployment.

PROFESSIONAL EXPERIENCE

Associate Software Engineer (ASE) — Accenture

July 24, 2026 – Present | India

- Contributing to the design, development, and maintenance of enterprise-grade applications as part of a cross-functional engineering team, working across the Java ecosystem.
- Developed and maintained Java-based application components, following object-oriented design and enterprise coding standards.
- Applying enterprise development practices and coding standards to deliver reliable, maintainable, production-quality code.

Software Development Intern — Yugratho Ventures (Remote)

August 2025 – December 2025

- Built and maintained frontend and backend modules for web-based internal tools used across the organization.
- Participated in daily standups and feature discussions, contributing to sprint planning and iterative delivery.

Front-End Development Trainee — CipherSchools

September 2022 – January 2023

- Gained hands-on experience in responsive web design and DOM manipulation through applied mini-projects.

KEY PROJECTS

Splitzy | React, Spring Boot, Spring Security, MySQL, JWT

August 2026– Present

- Built a full-stack expense management platform for groups to create shared expenses, track individual balances, and simplify debt settlement.
- Implemented secure JWT-based authentication, BCrypt password hashing, protected RESTful APIs, and layered backend architecture using Spring Boot and Spring Data JPA.
- Developed a React-based frontend integrated with REST APIs, with plans for real-time balance tracking, expense analytics, and automated settlement calculations.

github.com/theprince09/Splitzy

DevProgress | React, Node.js, Express.js, MongoDB

December 2025 – March 2026

- Built a platform to track and visualize a developer's coding journey, including problem-solving activity and project milestones.
- Implemented secure JWT-based authentication and RESTful APIs with Node.js and Express.js.
- Designed a responsive dashboard with AI-assisted insights surfacing GitHub commits, LeetCode stats, Uploaded Certificates and progress trends.

TECHNICAL SKILLS

Languages: Java, C++, JavaScript, TypeScript, SQL

Frontend: HTML5, CSS3, React.js, Next.js, Tailwind CSS

Backend: Spring Boot, Spring MVC, Node.js, Express.js, REST APIs

Databases & Tools: MySQL, MongoDB, Git, GitHub, Maven, AWS, Azure, JPA/Hibernate, JDBC, Agile/Scrum

CERTIFICATIONS

Certified Partner Specialist Gemini Enterprise Deployment

September 2026

Google — [Verify Link](#)

Java for ATCI Stream (Nanodegree)

May 2026

Udacity — [Verify Link](#)

Data Structures and Algorithms Course

July 2024

Geeks for Geeks (GFG) — [Verify Link](#)

ACHIEVEMENTS

Solved 600+ DSA problems on LeetCode

[Leetcode.com/u/the_prince_09/](https://leetcode.com/u/the_prince_09/)

Completed multiple full-stack projects with real-time features.

EDUCATION

Lovely Professional University Punjab

2022 – 2026

B.tech, Computer Science and Engineering — CGPA: 7.68

Jalandhar, Punjab

Sitamarhi Central School

2021 – 2022

12th with Science — Percentage: 70.0%

Sitamarhi, Bihar

N.S.D.A.V. Public School

2019– 2020

10th with Science — Percentage: 68.0%

Sitamarhi, Bihar
